*A New York State Licensed
Home Care Service Agency*

Westchester Care at Home's new *Elite Care Services* offers a comprehensive range of superior personal care service and support in the comfort of your own home.

Elite Care Services is staffed by our Elite Home Health Aides, each selected individually, specialty-trained, and NY State certified.

Our Elite Home Health Aides have all been trained in the WCAH *Elite Care Services* culture, which includes:

- Disease-specific conditions - COPD, CHF, Stroke, Parkinson's and Special Needs
- Advanced training in dementia
- Best industry practices in clinical care
- Customer service excellence

Our Elite Home Health Aide training far exceeds industry standards. WCAH's thorough Aide Matching Evaluation Service also ensures optimal compatibility between each Client and their Elite Home Health Aide.

Telehealth monitoring is included for clients receiving 20 or more hours of services per week.

Elite Care Services also provides comprehensive nursing oversight by a WCAH Geriatric Registered Nurse specialist, as well as an In-Home Safety Assessment by an experienced and fully-licensed Physical Therapist.

Additionally, Westchester Care at Home's *Elite Care Services* offers:

- A detailed, in-depth Initial Assessment of your personal healthcare and support needs;
 - A comprehensive, personalized Plan of Care to meet your specific requirements, developed by our WCAH Care Team with your Physician, with added oversight provided weekly by our Concierge Coordinator;
 - And also regular visits by one of our Elite Registered Nurse Care Managers.
- Other *Elite Care Services* are also available from WCAH on an a la carte basis and include:
- Medication Management
 - Care Management by a Registered Nurse
 - Case Management by a Social Worker
 - Rehabilitation Services
 - A Registered Dietician
 - Recommendations for Appropriate Community Resources / Ancillary Services
